**56 PLAINTIFF TRAVEL GRANTS**

The grants aim to help states and regions increase knowledge of LAF and equity issues in higher education and to raise funds in support of LAF by bringing together AAUW members and women whose cases are being supported by the fund.

Grants are made for the cost of air travel for plaintiffs to event sites. Costs of room and meals may be included if funds permit. States and regions are encouraged to budget for some costs of the plaintiff's stay. They may, however, deduct necessary costs from gross receipts.

**57 AMERICAN FELLOWSHIPS - POSTDOCTORAL RESEARCH LEAVE FELLOWSHIPS**

Postdoctoral Research Leave Fellowships offer one-year support for women who will have earned a doctoral degree by Nov. 15, 2005. Postdoctoral fellowships are available in the arts and humanities, social sciences, and natural sciences; one is designated for a woman from an underrepresented group in any field. Limited additional funds may be available when matched by the fellow's institution.

**58 AMERICAN FELLOWSHIPS - DISSERTATION FELLOWSHIPS**

Dissertation Fellowships are available to women who will complete their dissertation writing between July 1, 2006, and June 30, 2007. To qualify, applicants must have completed all course work, passed all required preliminary examinations, and received approval for their research proposal or plan by Nov. 15, 2005.

**59 ACS SCHOLARS PROGRAM**

The American Chemical Society sponsors scholarship programs for qualified applicants who want to enter the fields of chemistry, biochemistry, or chemical engineering, and students seeking a two-year degree in chemical technology. The programs are designed to encourage African-American, Hispanic, and American Indian students to pursue undergraduate college degrees in the chemical sciences and chemical technology. The goal of these scholarship programs is to aid in building an awareness of the value and the rewards associated with careers in science and to assist students in acquiring the skills and credentials needed for success in these areas.
